

FEIMEC

Brazil International Machinery and Equipment Exhibition

This is the official fair for the machinery, equipment, part, and tool market sector held at the São Paulo Expo Exhibition & Convention Center, in São Paulo, from April 24th to the 28th 2018. This is an initiative of ABIMAQ and the main entities in this sector.

There are 4 modes to register your data for issuing your credentials:

Company

If you work in a company, it is necessary to fill out the company data where you work and afterwards, your own personal data. If another workmate also wishes to get credentials for the international fair, then it is necessary to just to confirm the CNPJ # of the company (for the system to retrieve the company data, which had already been filled out previously) and then inform the personal data of the second person.

Class Organization

If you work in a class organization (federations, associations, chambers of commerce, labor unions, etc.) then it is necessary to fill out the data for the organization you work for and afterwards, your own personal data. If another workmate also wishes to get credentials for the international fair, then it is necessary to just confirm the CNPJ# of the class organization (for the system to retrieve the company data, which had already been filled out previously) and then inform the personal data of the second person.

Free Professional / Self-Employed

If you are a self-employed service provider and/or if you are not formally hired at the moment.

Educational Institution

This mode is for University and Technical School guidance counselors, who first must register the institution they work for and afterwards their own personal data. There must be previous confirmation for approval, in order to register students who wish to visit jointly with the institution's responsible party.
